What is Eldereach?

Eldereach is a program that coordinates community services specifically targeted to older Iowans. The goal is to ensure you have access to the available services which help you remain in your own home.

How Does it Work?

We will arrange to visit you at home. The information you share with us will help determine your needs. Your family is invited to be a part of that meeting if you would like. Afterwards your care coordinator will return to offer you some choices in services, and will help you obtain the services you need and want. Your care coordinator will continue to be available to you as your needs change.

What Does it Cost?

There are no fees for Eldereach. However, there may be fees for the community services you want to receive. Some services may be covered by Medicare and private insurance. The Title XIX Elderly Waiver program may cover others. (Those who are eligible for the Elderly Waiver are at least 65 years old and meet medical, income, and resource guidelines). Some agencies use a sliding fee scale. You will be fully informed about your options and any fees for services you want to receive.

What Are the Advantages?

- ◆ You and your family will have informed choices about services in the community.
- ◆ Family assistance and in-home services are encouraged.
- ◆ When we work together, you can be sure you are getting all the help you need without overlap or gaps.
- ◆ You will only have to call one person - your care coordinator, instead of several agencies or organizations.
- ◆ You can get help before emergencies arise.

What About Others Who Help Me Now?

Eldereach will not take the place of family, friends or neighbors who are already helping you. It is meant to support their efforts and fill in where needed.
