- To fund services for older Americans through contracts with service providers, monitoring the delivery of those services...
- To provide family caregivers with the support and resource information they need.

Count on Us

To Provide These Community Services:

- **Care Connection** - offering information on community services for caregivers, and assistance obtaining them. We offer a quarterly newsletter and occasional conferences, presentations and classes as well as caregiver support.
- **Eldereach** - is a program to help older adults discover and receive services so they can live in their home as long as safely possible. Often a phone call is all it takes to have a nurse or social worker respond to an inquiry. These professionals specialize in working with older adults, so they can sometimes introduce a solution no one else realized was possible!

Count on Us

To fund these services in our three-county area:

- **Adult Day Care** - a safe, comfortable atmosphere for an older person who would enjoy some socialization with fellow seniors.
- **Emergency Response** - an easy way to summon help for frail seniors.
- **Legal Assistance** - advice, counseling and representation by an attorney in a civil case.
- **Nutrition Services** - including home delivered meals and lunches offered at senior centers or other convenient sites.
- **Respite Services** - someone to stay with an older person who cannot be left alone, relieving their caregiver for a few hours.
- **Transportation** - a ride to medical appointments and other necessary places.
